SUBJECT: COUNCIL OF EUROPE: MORE EFFECTIVE AROUND THE EDGES THAN AT

¶1. (C) SUMMARY: The Council of Europe (COE) likes to portray itself as a bastion of democracy, a promoter of human rights, and the last best hope for Europe. The current COE Secretary General, Terry Davis (UK), leaves office this summer, after a five-year term that has been, according to many, a success.

¶2. (C) On the eve of Secretary General Davis' meetings in Washington, we outline some of the COE's "value added" while note some of its serious shortcomings.

¶3. (SBU) One of the COE's bodies with the widest reach is the European Court of Human Rights (ECHR). The ECHR serves as the court of final appeal for human rights cases throughout Europe.

¶4. (C) While the COE can be effective in the various important tasks as noted above, on key geostrategic questions, it muddles through at best.

¶5. (C) Two other illustrations of the COE's reach extending far beyond its influence is the omnipresent agenda item of "the situation in Cyprus." COE discussions on this issue amount to little more than an irritant.

¶6. (C) Finally, we turn to one issue where the COE has been both an irritant and, more recently, somewhat of a champion - Guantanamo. Dick Mart
